

UNION OF
LONDON

Our aim is to create candles that transform your mood, renew your energy and calm your space.

- We use sustainably produced soya wax in all of our candles, free from nasties like Petroleum, Phthalates & Preservatives.
- Our candles are made with custom made fine fragrance oils, enriched with essential oils.
- We hand pour our candles in small batches.
- Our wide natural fibre wicks produce a broad flame that generates a great scent throw avoiding wasteful tunnelling.
- Our candle bases are designed to be repurposed after use, they make great toothbrush holders, plant pots, pen holders...
- Our boxes and labels are FSC certified and acid free.
- All of our shipping packaging is made from recycled materials.
- Sustainability is at the heart of everything we do.
